

# Challenge Activities

## A Student's View of Reef HQ

### Challenge

How many people can you tell your story?

Use the following text boxes to take notes about your favourite animal at Reef HQ. Use all the information you have gathered to write a newspaper article about your favourite animal.

Favourite Animal

Describe what your favourite animal looks like.

Interesting facts.

Where does it live?

What does it eat?

What things can humans do to protect your animal and the Great Barrier Reef?

Remember, the information in the text boxes should be used to develop the paragraphs of your newspaper article. Be sure to use **linking sentences** between your paragraphs so your article flows smoothly.
