## Sustainable Fishing - Page 1

### Challenge

Can your classmates guess your Animal X?

What does the word sustainable mean?

---

---

When measuring a fish, you measure from the tip of its...  
to the tip of its ...

Investigate the legal-size limits and bag limits for the following seafood favourites.

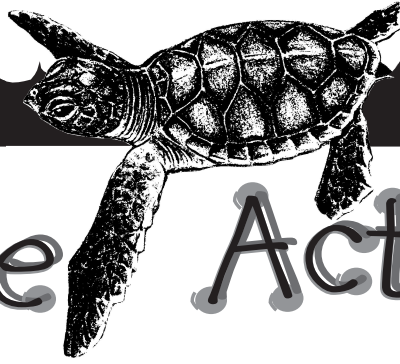

Seafood	Minimum Size	Maximum Size	Bag Limit
Flathead			
Whiting			
Mangrove Jack			
Mud Crab			
Barramundi			
Red Emperor			
Coral Trout			

What is the reason for Barramundi having a maximum size limit?

---

---

# Challenge Activities

## Sustainable Fishing - Page 2

Why are bag limits so important?

---

---

One important rule to remember when crabbing is, only take legal-size Bucks and all Jennys, no matter how big they are, have to be thrown back.

What is the difference between a Buck and a Jenny?

---

---

Why is it so important that all Jenny's are thrown back?

---

---

The two pictures below show the undersides of crabs. Which one is the Buck and which one is the Jenny?

Make a list of the things that could or should be done to insure the sustainability of seafood.

---

---

---

---
