

Welcome to your Rapid Monitoring Slate pack!

These in- water slates are designed to inspire engaging and hands-on lessons for students in years 10-12.

Your school has received this pack because we understand that you incorporate the Rapid Monitoring survey and techniques into your curriculum planning and student learning opportunities on an annual basis.

As a valued Reef Guardian School, we value your efforts in collecting citizen data not only for curriculum purposes but also for the implementation of the Reef Guardian School's five **C.L.A.S.=S.** pillars.

Completing the Rapid Monitoring program allows your students to connect with the Reef, increasing their level of care. They also can learn about the Reef and monitoring techniques, act by recording citizen data, and support management efforts.

'Students and teachers share this valuable data by uploading it to the Rapid Monitoring data input site.'

By following the steps of **Care, Learn, Action, and Share**, your students are well on their way to becoming reef stewards now and in the future.

We are committed to making Rapid Monitoring resources more accessible, inclusive, and comprehensive.

Currently, we offer the following resources to support the implementation of Rapid Monitoring survey techniques. Here are the resources below:

1. **Interactive PDF:** This resource explains the different components of the survey and can be accessed on the portal.
2. **Video Suite:** We offer a suite of videos to enhance learning and delivery. You can find them at the following links:
 - Video 1
 - Video 2
 - Video 3
 - Video 4

3. **Teacher Session:** We provide a fully funded two-hour teacher session to answer any questions and assist in creating an 8–10week unit plan for Rapid Monitoring.

For further information, please email reefguardians@gbrrmpa.gov.au.

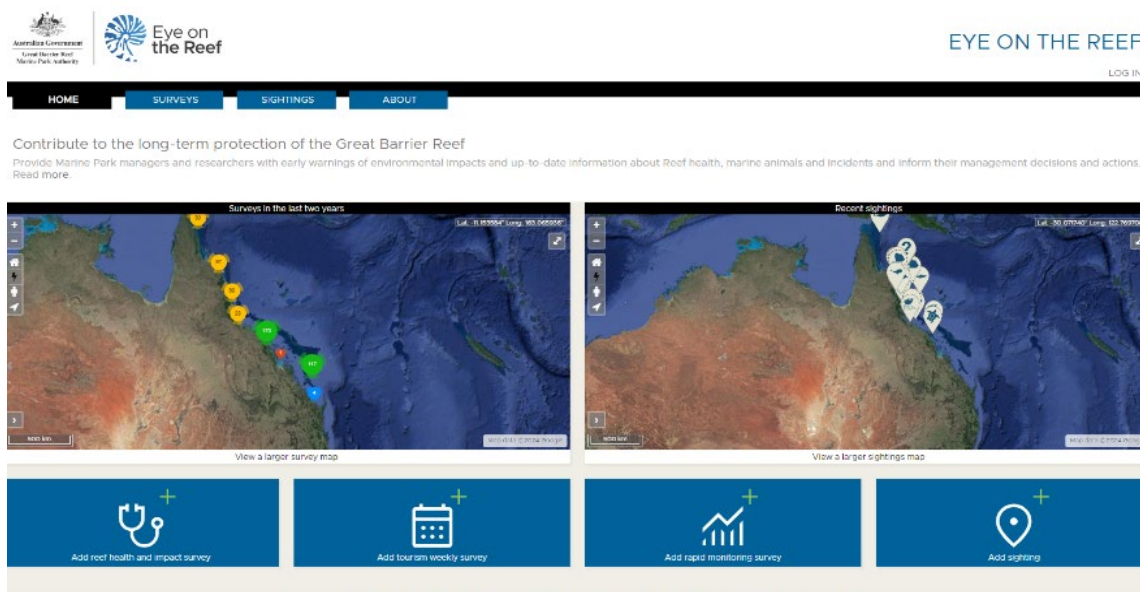

4. [Eye on the Reef Training Module](#)
5. **Eye on the Reef Rapid Monitoring Data Input Page:** Register and upload your data by following these steps:

HOW TO REGISTER

1. Register for access. Please scan the QR Code provided, or you can log in using the link: [Eye on the Reef Portal](#).

This will bring you to the landing page as shown below.

2. In the highlighted fields below, you will discover the register feature. To proceed, simply click on the Register option.

- To complete the registration, we need you to complete your personal information for data collection purposes only. Please complete all fields marked with a *. Including your phone/mobile is optional.

REGISTER

Mandatory values are marked *

After registering, you may edit your values at any time in your profile settings.

Given name: *

Family name: *

Display name: *

Email: *

Phone:

Mobile:

Display name does not need to contain a name or email address.

Username and Email Address:

- Your email address will serve as your username for future logins.
- To grant access to your students, please use **school email addresses**.

Alternatively, you could take the averages from the students results and enter in one collective set of data for the class.

- Please use your mouse to **drag and slide** the buttons below:

- **Eye on the Reef:** Slide it to **Yes**.
- **Sightings:** Slide it to **No**.

Programs registering for:

Eye on the Reef:

Yes ☒

Sightings:

Register

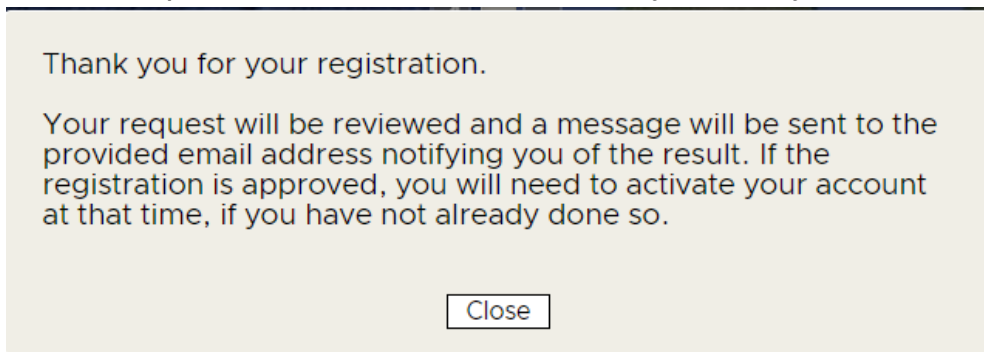

Once you have finished all the necessary steps, you can proceed to **Register**. If you encounter any difficulties, please ensure that you have completed all the steps correctly. If you need further assistance, feel free to reach out to reefguardians@qbrmpa.gov.au reefguardians@qbrmpa.gov.au.

COMPLETING REGISTRATION

Upon successful registration, you will receive the following message:

"Thank you for registering! Please allow up to **24 to 48 hours** to receive a confirmation email from eyeonthereef@gbmpa.gov.au.

" Feel free to explore the wonders of the reef while you await your confirmation!"

Once you have received the confirmation email, please proceed to the **Log in Menu** by scanning the QR code or following the provided link in the [Eye on the Reef Portal](#) to activate your account.

After clicking “**Activate Account**,” you will be prompted to enter your email address. Subsequently, you will receive another email containing a **verification code**.

The screenshot shows the 'Eye on the Reef' website. At the top left is the Australian Government Great Barrier Reef Marine Park Authority logo. To its right is the 'Eye on the Reef' logo. On the far right, the text 'EYE ON THE REEF' is displayed. Below the logos is a navigation bar with links: HOME, SURVEYS, SIGHTINGS, and ABOUT. On the right side of the page, there is a 'LOG IN' section with links for 'Log in', 'Register', 'Activate account' (highlighted in yellow), 'Forgotten password', 'Reset two-factor authentication', and 'Change my email'. On the left side, there is an 'ACCOUNT' menu with links for 'Log in', 'Register', 'Activate account' (highlighted in yellow), 'Forgotten password', 'Reset two-factor authentication', and 'Change my email'. The main content area is titled 'LOG IN' and contains a message: 'Mandatory values are marked *'. Below this message are two input fields: 'Email: *' and 'Password: *'. At the bottom of the form are three links: 'Log in', 'Register', and 'Forgotten password'.

To complete the activation process, follow these steps:

- I) **Email:** Enter your email address.
- II) **Verification Code:** Input the verification code you received.
- III) **Create a Password:** Set a secure password for your account.

Once you have done this, your activation will be complete!

ACTIVATE ACCOUNT

Please enter the registered email address for your account into the *Email* field below. Enter the code received via that email address into the *Verification code* field.

Please provide a new password and confirm it in the appropriate fields. Passwords must be at least 10 characters in length and must contain characters of at least three of the following types: upper-case letters, lower-case letters, numeric digits and special characters (punctuation and symbols).

Mandatory values are marked *

Email: *	<input type="text"/>
Verification code: *	<input type="text"/>
Password: *	<input type="password"/>
Confirm password: *	<input type="password"/>

[Set password and login](#)

HOW TO LOG IN AND NAVIGATE

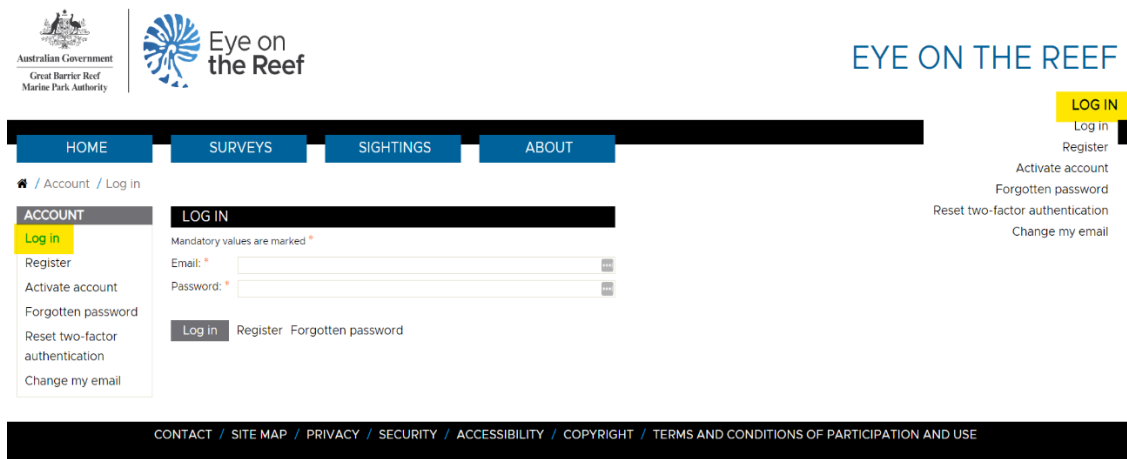

1. To log in and navigate the **Eye on the Reef Portal**, follow these steps:

Scan the QR Code: Use your device's camera to scan the QR code provided.

Alternatively, you can click on the Link provided: [Eye on the Reef Portal](#).

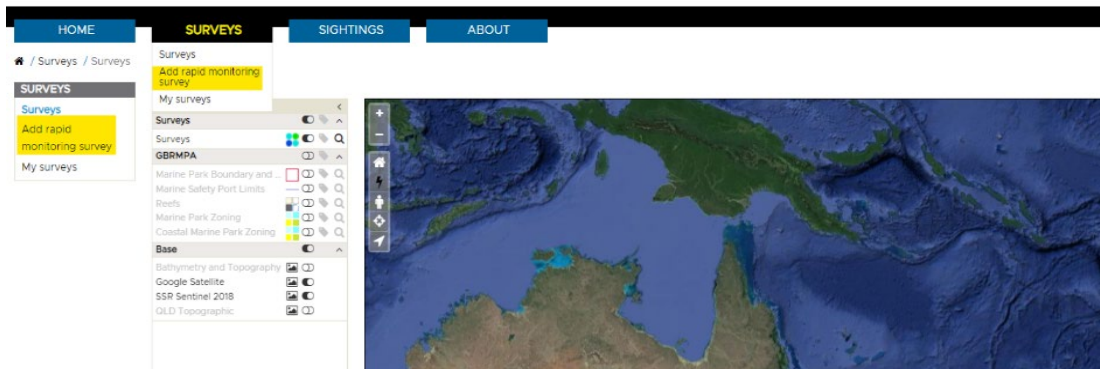

2. In the highlighted fields below, you will discover the **Log In feature**. To proceed, simply click on the **Log In** button and enter your email and password.

A screenshot of the 'Eye on the Reef' website's login page. The page features a header with the Australian Government logo and the 'Eye on the Reef' logo. A navigation bar includes links for HOME, SURVEYS, SIGHTINGS, and ABOUT. On the right, a 'LOG IN' button is highlighted in yellow, with links for Log in, Register, Activate account, Forgotten password, Reset two-factor authentication, and Change my email. The main content area has a left sidebar with an 'ACCOUNT' section containing a highlighted 'Log in' button and links for Register, Activate account, Forgotten password, Reset two-factor authentication, and Change my email. The central 'LOG IN' section includes a note that mandatory values are marked with an asterisk, followed by input fields for Email and Password, each with a 'Log in' button. At the bottom, a footer contains links for CONTACT, SITE MAP, PRIVACY, SECURITY, ACCESSIBILITY, COPYRIGHT, and TERMS AND CONDITIONS OF PARTICIPATION AND USE.

3. After logging in, you will find the **Survey function**. To access it, follow these steps:
 - I) Click on the **Survey** feature.
 - II) A dropdown box will appear.
 - III) Select **"Add Rapid Monitoring Survey"** from the options.

For quicker access, you can also use the shortcut box on the left, which is highlighted. Dive in and contribute to the reef's well-being!

4. Let us proceed with the registration process. Please complete all the fields as prompted, ensuring that you fill in the required ones marked with an asterisk (*). Here are the specific instructions:

Username and Email Address:

- a. Your email address will serve as your username for future logins.
- b. To grant access to your students, consider using their **school email addresses**.
- c. Alternatively, you can calculate the averages from the students' results and enter them as one collective set of data for the class.

Approved Button:

- d. Leave it as 'No.'

Active Button:

- e. Leave it as 'Yes.'

Feel free to proceed, and if you encounter any issues, do not hesitate to reach out to reefguardians@gbmpa.gov.au for assistance.

ADD RAPID MONITORING SURVEY

Mandatory values are marked *

Observer: *	<input type="text"/>
Email: *	<input type="text"/>
Phone:	<input type="text"/>
Organisation:	<input type="text"/>
Vessel:	<input type="text"/>
Survey time: *	<input type="text" value="dd/mm/yyyy --:-- --"/>
Observer category:	<div style="border: 1px solid #ccc; padding: 2px; background-color: #f0f0f0;">Observer category</div>
Observer (other):	<div style="border: 1px solid #ccc; padding: 2px; background-color: #f0f0f0;">Observer (other)</div>
Survey experience:	<div style="border: 1px solid #ccc; padding: 2px; background-color: #f0f0f0;">Survey experience</div>

Swim type: *	<div style="border: 1px solid #ccc; padding: 2px; background-color: #f0f0f0;">Swim type</div>
Survey type:	<div style="border: 1px solid #ccc; padding: 2px; background-color: #f0f0f0;">RAPID</div>
Approved: *	<div style="display: flex; align-items: center;"> <input checked="" type="radio"/> No </div>
Active: *	<div style="display: flex; align-items: center;"> <input checked="" type="radio"/> Yes </div>

5. When documenting your reef sightings, it is crucial to provide accurate information about the location. Here are the steps to follow:

Reef Name: Enter the name of the reef you visited.

Latitude and Longitude:

- I) Latitude: This represents the north-south position.
- II) Longitude: This indicates the east-west position.

You can find the latitude and longitude using various tools, such as GPS devices, online maps, or mobile apps. Make sure to provide accurate coordinates for precise location tracking.

Remember to complete all required fields marked with an asterisk (*). Happy reef monitoring!

The screenshot shows a web-based form for recording reef sightings. At the top, there are controls for 'Expand all', 'Collapse all', and 'Auto collapse'. The form is titled 'Location' and contains several fields: 'Reef:' (a search bar), 'Cull site:', 'Dive site:', 'PRM site:', 'Marine park zone type:', and 'Latitude/longitude units:' (set to 'Decimal Degrees'). Below these is a section for 'Edit latitude and longitude by either:' with options: 'Selecting a reef; or', 'Entering the values manually; or', 'Clicking/touching a point on the map; or', 'Dragging the pin on the map to a new location', and 'Use my current location'. The 'Latitude:' field is populated with '-19.56279215°' and the 'Longitude:' field with '148.21576422°'. A 'Zoom to latitude and longitude' button is present. At the bottom, there is a checkbox for 'Autofill Reef and Marine Park Zone type from the map'. To the right of the form is a map of the Pacific Ocean region around Japan, with a red pin indicating the current location. The map shows the coordinates 'Lat: -15.060120° Long: 135.599007°'.

6. Flood Plume and Algal Bloom:

- I) To change the status of the **Flood Plume**, slide the button as you did previously.
- II) Similarly, adjust the status of the **Algal Bloom** using the sliding technique.

Remember to complete all required fields marked with an asterisk (*). Your contributions play a vital role in understanding and protecting our reefs!

Site conditions	
Survey depth (m):	###
Water temperature (°C):	###
Flood plume:	<input type="checkbox"/>
Tide:	<div></div>
Visibility:	<div></div>
Algal bloom:	<input type="checkbox"/>

7. During a **Timed Swim**, divers swim for a fixed time while recording the fish encountered along the way. Let us proceed with your observations:

Observations:

- I) Record the quantity per species that you observed during your ten-minute swim.
- II) If you encounter another species of turtle or shark, use the feature (highlighted) and click on the species you observed.

Remember to complete all required fields marked with an asterisk (*). Your contributions play a vital role in understanding and protecting our reefs!

Timed swim				
<div> <div>Add other turtle ^</div> <div>Add other shark v</div> </div>				
<div> <div>Loggerhead Turtle</div> <div>Leatherback Turtle</div> <div>Flatback Turtle</div> <div>Olive Ridley Turtle</div> </div>	<div>Giant Clam</div> <div></div> <div>Count: <input type="text"/></div>	<div>Anemonefishes</div> <div></div> <div>Count: <input type="text"/></div>	<div>Butterflyfish</div> <div></div> <div>Count: <input type="text"/></div>	<div>Grazing Herbivores</div> <div></div> <div>Count: <input type="text"/></div>
<div>Trout, Cod, Soapfish (Other)</div> <div></div> <div>Count: <input type="text"/></div>	<div>Maori Wrasse Male</div> <div></div> <div>Count: <input type="text"/></div>	<div>Maori Wrasse Female</div> <div></div> <div>Count: <input type="text"/></div>	<div>Coral Trout < 38 cm</div> <div></div> <div>Count: <input type="text"/></div>	<div>Coral Trout > 38 cm</div> <div></div> <div>Count: <input type="text"/></div>
<div>Green Turtle</div> <div></div> <div>Count: <input type="text"/></div>	<div>Hawksbill Turtle</div> <div></div> <div>Count: <input type="text"/></div>	<div>Whitetip Reef Shark</div> <div></div> <div>Count: <input type="text"/></div>	<div>Blacktip Reef Shark</div> <div></div> <div>Count: <input type="text"/></div>	<div>Crown-of-thorns Starfish</div> <div></div> <div>Count: <input type="text"/></div>

8. When completing the **Benthos** section, keep the following in mind:
- I) You need a total of **100** for your observations.

- II) **Do not use decimals.** If you encounter a decimal value (e.g., 13.5), round it off to the nearest whole number (e.g., 14).

Feel free to proceed with your data entry and thank you for contributing to our understanding of marine ecosystems!

Benthos	
Enter the % found of:	
Macroalgae:	<input type="text" value="50"/>
Live Coral:	<input type="text" value="40"/>
Recently Dead Coral:	<input type="text" value="0"/>
Live Coral Rock:	<input type="text" value="10"/>
Coral Rubble:	<input type="text" value="0"/>
Sand:	<input type="text" value="0"/>
Total:	<input type="text" value="100"/>

9. If any of the following questions have been marked 'yes,' the system will automatically take you to the next question.

The final question, 'What is the likely main cause?' will provide a dropdown box for you to select from.

Coral impacts	
Is any coral white?	<input type="checkbox"/>
Is living coral tissue present? If yes Bleaching	<input type="checkbox"/>
Is coral being eaten? If yes Predation	<input type="checkbox"/>
COTS Juveniles (size of hand or smaller) count:	<input type="text"/>
COTS adults (larger than hand) count:	<input type="text"/>
Drupella count:	<input type="text"/>
Is coral banded in appearance? If yes Disease	<input checked="" type="radio"/>
Is coral competing with something else? If yes Competition	<input checked="" type="radio"/>
Is any coral broken or damaged:	<input checked="" type="radio"/>
What is the likely main cause:	<input type="text"/>
Up Top Collapse	
Rubbish	
Media	
Maximum size: 100MB File formats: GIF, JPEG, JPG, PJPEG, PNG, M4V, MOV, MP4, OGG, WEBM	

- 0 - None
- A - Anchor
- D - Divers
- S - Snorkellers
- W - Weather/Storm
- V - Vessel
- C - Animal
- X - Other
- U - Unknown

10. Rubbish Identification:

- I) Please describe the type of rubbish you observed (e.g., plastic bottles, fishing nets, food packaging).
- II) Indicate the quantity of each type of rubbish you encountered.

Image Upload (Optional):

- I) If you have images, you can upload them directly to the website. Click on the **“File”** option and select the image from your device.

Remember to complete all required fields marked with an asterisk (*). Your contribution helps protect our precious marine ecosystems!

Rubbish

12. Please **read the collection notice** and then use the sliding technique to indicate that you **acknowledge the terms and conditions**.

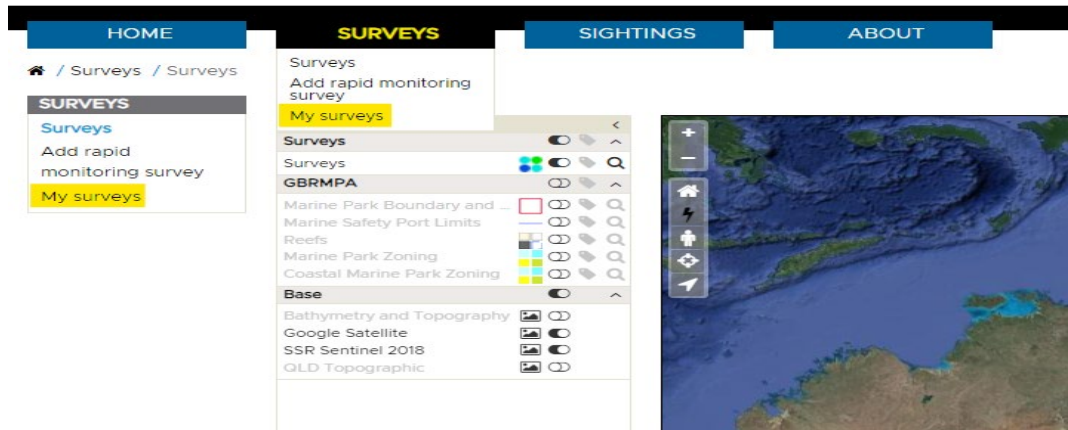

Once done, you can proceed to save your information.

The screenshot shows a web form on the left and a 'Collection Notice' modal window on the right. The form has sections for 'Media', 'Impact details', and 'Additional information', each with a 'Up Top Collapse' link. At the bottom of the form are buttons for 'Acknowledge the collection notice' (with a 'Yes' radio button), 'View collection notice', and 'Save'. The 'Collection Notice' modal contains text explaining that personal information is being collected for the purpose of verifying identity and producing statistical data. It lists four points: 1. Sighting/survey will be uploaded to the Reef Authority's website. 2. Sightings can be accessed by anybody around the world. 3. Name will be uploaded and appear on the public Sightings Map unless opted out. 4. Acknowledgment of consent to collect and use personal information. A 'Close' button is at the bottom right of the modal.

You have done it! Your information has been successfully saved. To view your survey, simply hit the **'View Survey'** button.

You can alternatively go to the main menu and use the following highlighted below to view your surveys.

We **appreciate your dedication** in participating in these surveys to benefit our precious reef. Your contributions play a vital role in understanding and safeguarding this remarkable marine ecosystem!
