

FREE Webinar Series – March to June 2025

Join our Reef Guardian team of expert marine educators for a series of free, engaging, informative webinars about the beauty and wonders of the Great Barrier Reef!

Suitable ages: 10-80+

Duration: up to 60 minutes

Equipment required: reliable internet with access to zoom, screen and audio/speakers. (Microphone and keyboard for optional questions).

How to join: Register below using the links. On the event day, join the presentation with your camera off and microphone muted. You can submit your questions through the chat at any time. A dedicated Q&A is available at the end.

Discover the important roles various organisms play and the threats to the Great Barrier Reef.

Session times:

- Tuesday 4 March 2025, commencing 8:00am (QLD): [Register to attend](#)
- Wednesday 5 March 2025, commencing 12:00pm (QLD): [Register to attend](#)

Develop your knowledge of marine life identification and reef monitoring techniques as we explore Reef Health indicator species and discuss their importance on the Great Barrier Reef.

Session times:

- Thursday 6 March 2025, commencing 12:00pm (QLD): [Register to attend](#)
- Friday 7 March 2025, commencing 8:00am (QLD): [Register to attend](#)

Prior to the event, please download this [survey slate](#) to refer to during the webinar.

Gain an understanding of the biology and adaptations of sea turtles, including life cycles and feeding. Examine threats towards turtles and ways to protect them.

Session times:

- Friday 23 May 2025, commencing 8:00am (QLD): [Register to attend](#)
- Friday 23 May 2025, commencing 1:00pm (QLD): [Register to attend](#)

Discover the important roles various organisms play and the threats to the Great Barrier Reef.

Session times:

- Monday 9 June 2025, commencing 12:00pm (QLD): [Register to attend](#)
- Tuesday 10 June 2025, commencing 8:00am (QLD): [Register to attend](#)

Learn about the diversity and interconnectivity of ecosystems found within the Great Barrier Reef Marine Park, and the adjacent habitats. Understand the threats and ways to help protect these habitats to increase reef resilience.

Session times:

- Thursday 5 June 2025, commencing 8:00am (QLD): [Register to attend](#)
- Thursday 5 June 2025, commencing 12:00pm (QLD): [Register to attend](#)
