

RAPID MONITORING

BE A MARINE BIOLOGIST FOR THE DAY

Timed swim (10 minutes)

See below for survey methodology

ANIMALS	TALLY	TOTAL	ANIMALS	SIZE	TALLY	TOTAL
Sea cucumber (all species)			Coral trout (all species)	<38cm		
				>38cm		
Giant clam (larger than size of hand)			Maori wrasse	SIZE	TALLY	TOTAL
				Male		
				Female		
Anemonefish (all species)			Turtle (all species) * See images below	SIZE	TALLY	TOTAL
				Green Turtle*		
				Hawksbill Turtle*		
				Other (please name)		
Butterflyfish (all species)			Shark (all species)	SIZE	TALLY	TOTAL
				Whitetip reef shark		
				Blacktip reef shark		
				Other (please name)		
Grazing herbivores See definition below						
Cods and groupers (over 50cm in length)			Crown-of-thorns starfish	SIZE	TALLY	TOTAL
				Juvenile		
				Adult		

Survey guide

Timed swim

► Spend ten minutes swimming around your survey site, keeping an eye out for key species and other things of interest.

GRAZING HERBIVORES

► Look for a school of similar looking and sized fish moving slowly along the reef, foraging or grazing close to the coral reef substrate. The most important types to record are species of parrotfish, surgeonfish, rabbitfish and unicornfish.

SEA TURTLES

► GREEN

► HAWKSBILL
